All additional orders are to be paid for when ordered. A retake charge of \$20 will be imposed if you would like additional (non-contestant) portraits taken with a second outfit or a different background, or on another day to change hair style, clothing or background set.

Clothing: Unless you have smooth shoulders and arms, we suggest you wear sleeves, avoid straps showing, tan lines, etc. Your choice of seasonal outfits will be fine, such as turtlenecks, spring dresses, summer blouses, or fall sweaters. We will compliment the outfit with the background. We just want you to feel great and look happy. Solid colors are suggested.

Additional Suggestions

To help make a better portrait for you it is strongly recommended that you wear cover-up make up and some skin soft powder, if you have naturally oily skin or blemishes. We strongly encourage you to have your finger nails painted, your hands may be part of the portrait. Also avoid glitter type makeup as it reflects light and may cause unflattering speckles on your face. Hair spray, brush, curling iron are items that may be brought to touch up your hair before the session begins.

Additional artwork on non-contestant portraits such as; Super soft focus, blurred backgrounds, softening other lines or clothing, remove stray hair, enhance eye color, whiten teeth, remove braces, or remove moles. Priced as follows; remove blemishes is included, stray hair \$5, braces \$20, whiten teeth \$3, change background color \$5. (Portraits with additional artwork are not eligible for the Miss 16 Contest.)

Portrait: The 11x14 contest print will be retouched, for blemishes and shine only at no cost. All portraits will be delivered to the Miss 16 Committee on or by June 7th. The photos will be available for viewing at Jamison Studios until then. Portraits will not be allowed to be taken out of the studio prior to the June 7th date.

Special pricing on framing your 11x14 portrait will be available when you choose your print.

Come early to your appointment to look at samples of backgrounds and poses. We will also do a facial analysis to use proper lighting and posing techniques to better enhance your portrait experience.
